Santosh Kumar

Senior Software Engineer | Mobile App Developer | React Native Developer (Android & iOS)

Navi Mumbai, India | +91 6390482917 | santoshpatel.nita@gmail.com | linkedin.com/in/santoshpatelnita

PROFESSIONAL SUMMARY

Senior Software Engineer, ***Mobile App Developer*** *and* ***React Native Developer*** *with* ***7+ years of experience*** *designing, building and shipping cross-platform mobile applications as an* ***Android and iOS app developer****. Expert in React Native, TypeScript, JavaScript (ES6+), React.js, Redux Toolkit and RTK Query. Published* ***9+ live apps*** *on Google Play Store and Apple App Store, including an app with* ***100K+ downloads*** *and an app rated* ***4.5 stars from 977 ratings****. Owns the full mobile app development lifecycle: architecture, REST API integration, state management, performance optimization, code signing, Play Console and App Store Connect releases. Proven leadership in mentoring junior developers, code reviews and cross-functional collaboration in Agile teams.*

SKILLS

- **Mobile App Development:** React Native (0.82), Android App Development, iOS App Development, Cross-Platform Mobile Development, React Native New Architecture, Native Modules (Kotlin/Java, Swift/Objective-C), React Navigation
- **Languages:** JavaScript (ES6+), TypeScript, Java, Python, HTML5, CSS3
- **Frontend:** React.js, React 19, Hooks, Context API, Reusable Components, Flexbox, Responsive Design
- **State Management & APIs:** Redux, Redux Toolkit, RTK Query, REST API Integration, Axios, Form Validation
- **App Deployment & CI/CD:** Google Play Console, App Store Connect, TestFlight, Fastlane, Play App Signing, Android App Bundle (AAB), APK, IPA, Multi-flavor Builds (Dev/UAT/Prod), Keystore & App Signing, Certificates & Provisioning Profiles, Versioning, Release Management, CI/CD
- **Integrations:** Firebase Cloud Messaging (FCM), Push Notifications, Intercom, OTP Authentication, SSL Pinning, Secure Session Management
- **Tools:** Git, GitHub, Android Studio, Xcode, Gradle, CMake, CocoaPods, VS Code, React Native Debugger, Chrome DevTools
- **Engineering Practices:** Mobile App Architecture, Software Development Life Cycle (SDLC), Performance Optimization, Debugging, Error Handling, Unit Testing, Code Review, Clean Code, Agile/Scrum
- **Soft Skills:** Leadership, Team Mentoring, Communication, Problem Solving, Analytical Thinking, Critical Thinking, Cross-functional Collaboration, Ownership

WORK EXPERIENCE

Senior Software Engineer | Clover Infotech

Navi Mumbai • Nov 2025 – Present

- Developed **Bruno's Barbers**, a salon and grooming booking app (Philippines), end to end from scratch using React Native 0.82, React 19, TypeScript and RTK Query; live on Google Play Store and Apple App Store.
- Built branch discovery, service and barber selection, real-time slot availability, group booking, appointment management with invoice download, product shopping and loyalty rewards.
- Architected core features, app structure and state management with Redux Toolkit and RTK Query for a scalable, maintainable codebase.
- Integrated REST APIs for bookings, services and user management with caching, error handling and loading states.
- Set up multi-flavor Android builds (Dev/UAT/Prod) with Gradle, keystore and Play App Signing; used Fastlane for QA/UAT distribution and Play Console and App Store Connect for production releases.
- Integrated native modules (Kotlin/Java, Swift/Objective-C), FCM push notifications, Intercom in-app support, OTP authentication and SSL pinning.
- Led and mentored junior developers through code reviews, TypeScript best practices and coding standards.

Software Developer (React Native) | InstaAstro

Noida, Uttar Pradesh • Jan 2023 – Nov 2025

- Developed and maintained 2 live production apps on Android and iOS: InstaAstro customer app (4.5 stars from 977 ratings on App Store) and InstaAstro Astrologer partner app.
- Owned the release cycle: generated signed AAB and IPA builds, managed versioning and published updates through Google Play Console and App Store Connect.
- Ran beta testing with TestFlight and Play Console internal testing tracks before production releases.

- Improved app performance by optimizing components, reducing unnecessary re-renders and following React Native best practices.
- Implemented error handling and crash fixes to improve app stability across devices and network conditions.
- Led end-to-end feature development from requirement to Play Store and App Store release.

Frontend Developer (React Native) | Edunext Technology

Noida, Uttar Pradesh • Jul 2021 – Oct 2022

- Developed and published 5+ apps: Edunext Teacher (100K+ downloads), Edunext Parent (4.3 stars from 107 ratings on App Store) and school apps SKD Academy, My Wood School Manthan and GD Goenka Jalandhar.
- Built a reusable React Native component library shared across 4+ white-label school apps, cutting repeated development effort.
- Automated build and deployment steps to reduce release time and improve app stability.
- Optimized components and debugged critical issues using Android Studio, Xcode and React Native Debugger.
- Created and optimized database tables for supporting web applications.

Frontend Developer (React & React Native) | Devekraft Technology

Delhi • Apr 2020 – Oct 2020

- Developed a responsive loan management dashboard using React.js and Redux to streamline loan applications and tracking.
- Implemented Education Loan and Personal Loan modules for applying, tracking status and managing repayments.
- Integrated REST APIs for loan eligibility, EMI calculation and application submission with form validation.

Frontend Developer (React & React Native) | 1101 Tech Corporation

Gurugram, Haryana • Jan 2019 – Mar 2020

- Developed an e-commerce web application using React with product listing, cart and checkout features.
- Improved user experience through UI enhancements and responsive design.
- Collaborated with cross-functional teams to gather requirements and deliver features on time.

APP DEPLOYMENT & RELEASE MANAGEMENT

- **Android:** Generated signed release builds (AAB/APK), managed keystores, Play App Signing and multi-flavor Gradle builds, and published via Google Play Console across internal, closed, open and production tracks.
- **iOS:** Managed certificates, provisioning profiles and bundle IDs, archived builds in Xcode, distributed beta builds through TestFlight and submitted apps to App Store review via App Store Connect.
- **Release Process:** Handled version codes and build numbers, store listings, screenshots, privacy policy and data safety forms, and resolved app review rejections.

PROJECTS

- **Bruno's Barbers** (Android & iOS, Clover Infotech, 2026): Salon and grooming booking app with group booking, loyalty rewards and product shopping. Built end to end. Play Store | App Store
- **InstaAstro: Talk to Astrologer** (Android & iOS, Jan 2023 – Nov 2025): Customer app for live chat and call consultations with astrologers. Play Store | App Store
- **InstaAstro App for Astrologer** (Android & iOS, Jan 2023 – Nov 2025): Partner app for astrologers to accept consultations and manage history and payments. Play Store | App Store
- **Edunext Teacher** (Android & iOS, Edunext, 100K+ downloads): Teacher app for attendance, homework, timetables, leave and parent messaging. Play Store | App Store
- **Edunext Parent** (Android & iOS, Oct 2021 – Oct 2022): Parent app for attendance, fees, homework and school updates. Play Store | App Store
- **GD Goenka Jalandhar** (Oct 2021 – Oct 2022): School app built on the Edunext platform. Play Store
- **My Wood School Manthan** (Apr 2022 – Oct 2022): School app built on the Edunext platform. Play Store
- **SKD Academy** (Edunext platform): School app built on the Edunext platform. Play Store

EDUCATION & CERTIFICATIONS

Master of Computer Applications (MCA) | National Institute of Technology (NIT) Agartala, Tripura | 2019

- **HackerRank Certified: Frontend Developer (React)** (Oct 2026), ID 091163A14ABD | Verify
- **HackerRank Certified: JavaScript (Basic)** (Oct 2026), ID 0D492D080D94 | Verify
